THE FOLLOWING WILL NEED TO BE PROVIDED WITH YOUR DEVELOPMENT APPLICATION - WHERE APPLICABLE.

- Four copies of the plans and specification, and supporting documentation.**
- Plans must include, where applicable:**
 - Scale, location, boundary dimensions, site area and north point.
 - Floor plans of proposed building/s showing dimensions and the intended use.
 - Vehicle access, parking, loading and unloading arrangements.
 - Existing and proposed contour levels of the land, buildings, roads and adjoining properties to an approved datum or fixed survey mark. Location of boundaries and use of buildings on and next to the site.
 - Elevations and sections showing proposed external finishes (materials and colours), and height and location of any existing trees/vegetation and areas to be landscaped. Where trees are outside the building envelope, a separate application is to be lodged seeking consent for any tree removal. Where approval is sought to remove a tree, the location of the tree/s is to be included on the plan.
 - Proposed methods for managing stormwater, sewage, garbage collection and contaminated land.
If you are in a *mines subsidence area*, the building plans must be approved by the Mines Subsidence Board before they are given to Council.
 - If application is for Complying Development Certificate, include list of the documents submitted.
 - Structural Engineer's plans may be required for building works, with the submission of a Construction Certificate application.
- Four A4 copies of plans for neighbour notification**
These must show site plan, height, front, rear and side elevations of the structure. The matrix table on the back page shows when these plans are needed. Consulting the neighbouring community before submitting plans to Council gives you the opportunity to listen to any concerns and incorporate possible solutions to the design.
- One copy of A3 plans.** For scanning to Electronic Data Management. Plans to be reduced from original plans submitted for Council approval.
- Amending Plans.** Plans to be coloured to indicate alterations/additions to existing development.
- Owner's Consent.** All owners of the property need to sign the application form. If the owner is a Company, or Owners Corporation (Strata), or Owners Association, this must be signed by a director or secretary (or authorised delegate) under common seal.
- Pay Fees.** Refer to Council's Schedule of Fees
- Integrated Development Consent** relates to development where consent is required from Council and one or more other government authorities. If you think that your application may be Integrated Development then you should contact the relevant authority to determine what their application requirements are. These other approvals may involve one or more of the following:
 - Heritage item or place
 - Development or earthworks within 40m of a watercourse
 - Earthworks, hoardings or structures within a public road
 - An EPA licensed activity - noise, air and/or water quality, waste facility
 - Dredging or reclamation of any waters
 - Destruction or damage to an Aboriginal relic or place
 - Removal or damage to marine vegetation
 - Extraction or use of ground water
 - Subject to a Mine Subsidence District
 - Connecting a road to a classified roadAn additional fee is required for each referral, as well as additional plans and information for each Authority.
- A BASIX Certificate** is required for all residential buildings.
- Check you have provided all information as listed over.**
- Any questions.** Council's Customer Service staff are available to help you.
