## ACKNOWLEDGEMENT OF COUNTRY

Council acknowledges the Dharawal people as the traditional custodians of this land and pays our respect to their Elders both past and present.

Aboriginal Protocol Policy  
Adopted: 09/07/2019

## MESSAGE FROM THE MAYOR

### COUNCILLOR THERESE FEDELI

I am pleased to present Council's Delivery Program for 2022-26.

While the Connecting Camden Community Strategic Plan sets up a vision for what Camden will look and feel like in 2036, this Delivery Program is Council's commitment to delivering what has been laid out in the Connecting Camden Community Strategic Plan over the next four years. The Delivery Program underscores our commitment to our community, under five Key Directions. Each Key Direction has a number of principal activities and actions assigned to them in this Program.

I, along with my fellow Councillors and Council staff, am committed to positioning Camden Council as a leader in the region. We want to continue to create a Camden that is connected, diverse and thriving; a place where we embrace opportunities for growth, value our rich heritage and protect and share responsibility for our natural environment.

This Delivery Program paves the way for Council to be prepared for this growth and development.

Throughout the duration of our four-year Delivery Program, we will continue to report and update the community on the progress of these initiatives and more, through our six-monthly Delivery Program progress reports and annual reports.

I am proud to lead a Council that has continued to demonstrate long term planning, responsible financial management, and importantly, as can be seen from this Program, the ability to achieve great practical results.

## MESSAGE FROM THE GENERAL MANAGER

RON MOORE

It is my great pleasure to share Council's four-year Delivery Program (2022-26), in response to the Connecting Camden Community Strategic Plan. Our organisational Delivery Program initiatives are focused on continuing to enhance the Camden LGA's unique advantages and capitalising on our rapid growth, while also protecting what we love about the area.

Through our last Delivery Program (2017-2021), we were able to achieve outcomes which I am proud to say have made the Camden LGA an even better place to live, work, visit and play in. Among many other things, we delivered water play spaces in Elderslie and Oran Park, a new library in Oran Park, a synthetic football field in Narellan and a skate park and youth facility in Oran Park. We also started work on a premier cricket facility in Camden and the Oran Park Leisure Centre, and I look forward to seeing work progress on those exciting projects.

Something we couldn't account for when developing the last Delivery Program in 2017 was the COVID-19 pandemic. However, we were able to show how innovative, adaptable and agile we can be as a Council when we started delivering a combined \$130.6 million COVID-19 Support and Recovery Package. It's estimated the package will boost Camden's economy by up to \$221.7 million and generate up to 507 new jobs.

I look forward to seeing the projects in this Delivery Program come to life over the next four years. Just some of the projects you'll see throughout this document include an upgrade to the Camden Civic Centre, a no-kill animal care facility in Smeaton Grange and upgrades to many other facilities and roads.

Thank you to the Mayor and Councillors for their support and leadership in setting the direction of the Delivery Program. We look forward to reporting progress of the Delivery Program over the next four years.

# PART 1: INTRODUCTION

## OUR DELIVERY PLAN

### ABOUT THIS PLAN

This combined Delivery Program and Operational Plan outlines Camden Council's plan for delivering the shared community vision in the **Connecting Camden Community Strategic Plan**:

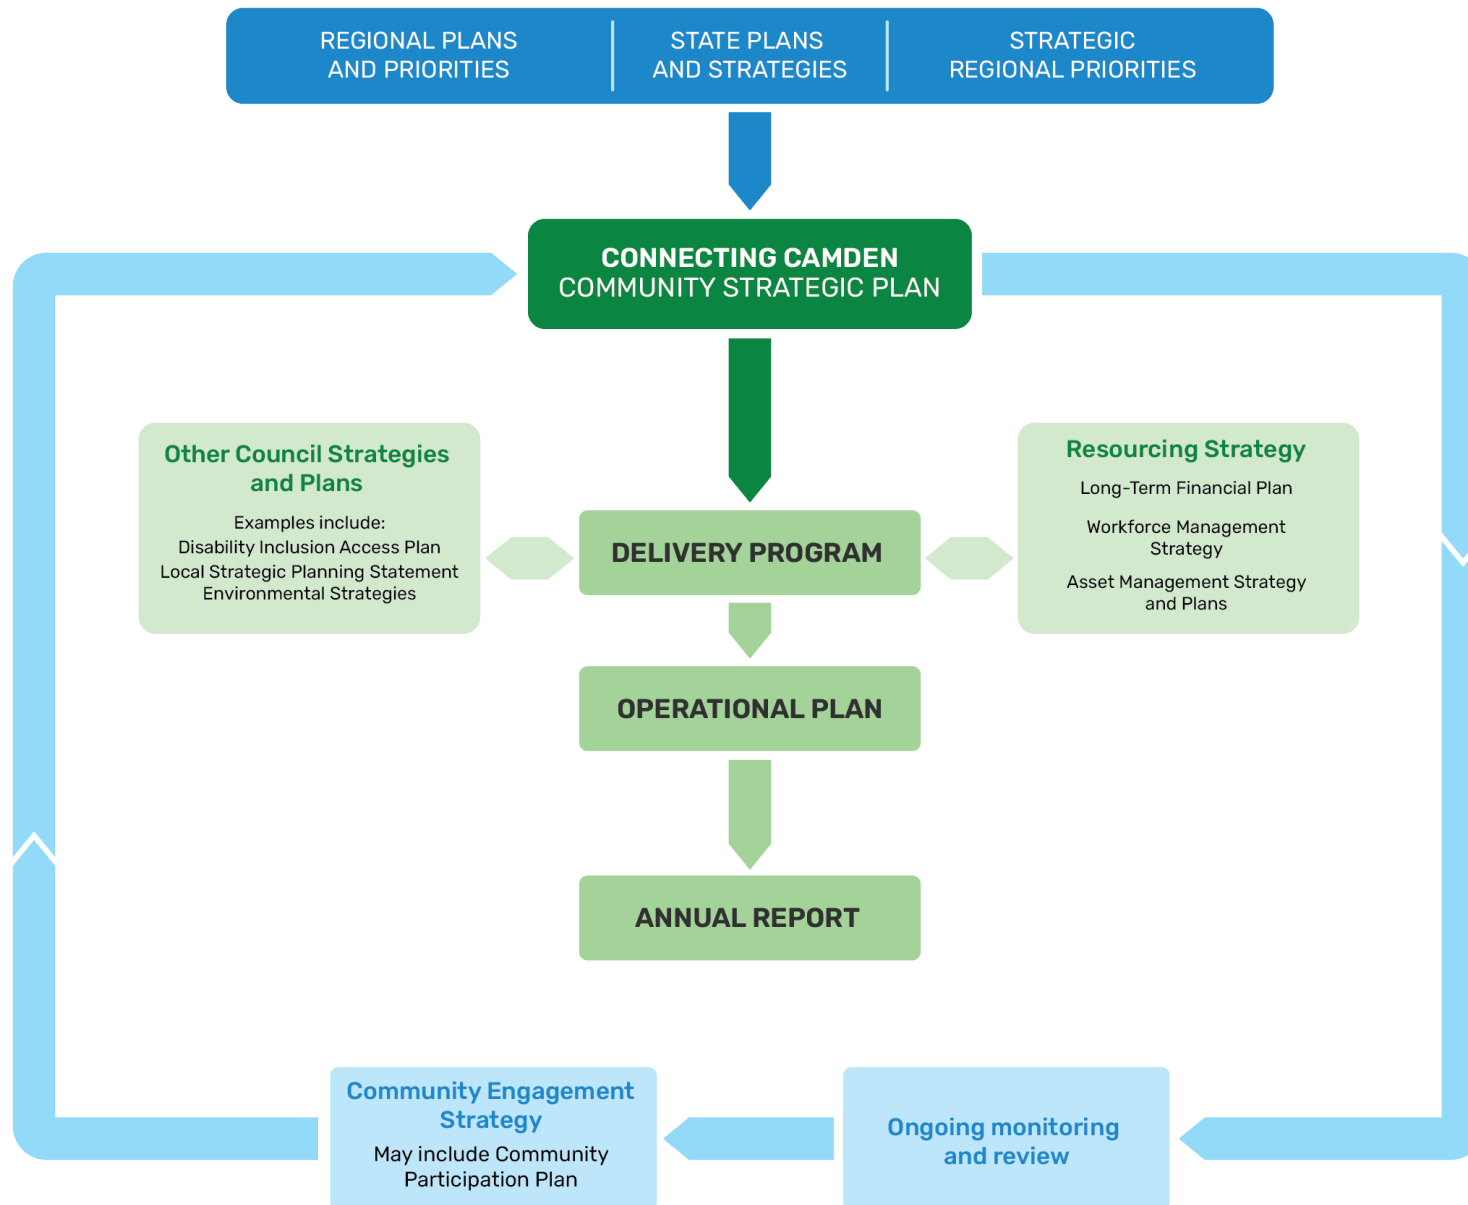

**Camden is a connected, diverse and thriving community, embracing opportunities of growth while valuing our rich heritage and protecting and sharing responsibility for our natural environment.**

This Delivery Program and Operational Plan is informed by priorities of the elected Council and the community and shaped by decision-making on resource allocation, set out in the **Resourcing Strategy**.

This Delivery Program and Operational Plan is part of the Integrated Planning and Reporting (IPR) Framework that all NSW councils must use to plan for their area, based on the expectations of their local community.

# THE INTEGRATED PLANNING AND REPORTING FRAMEWORK

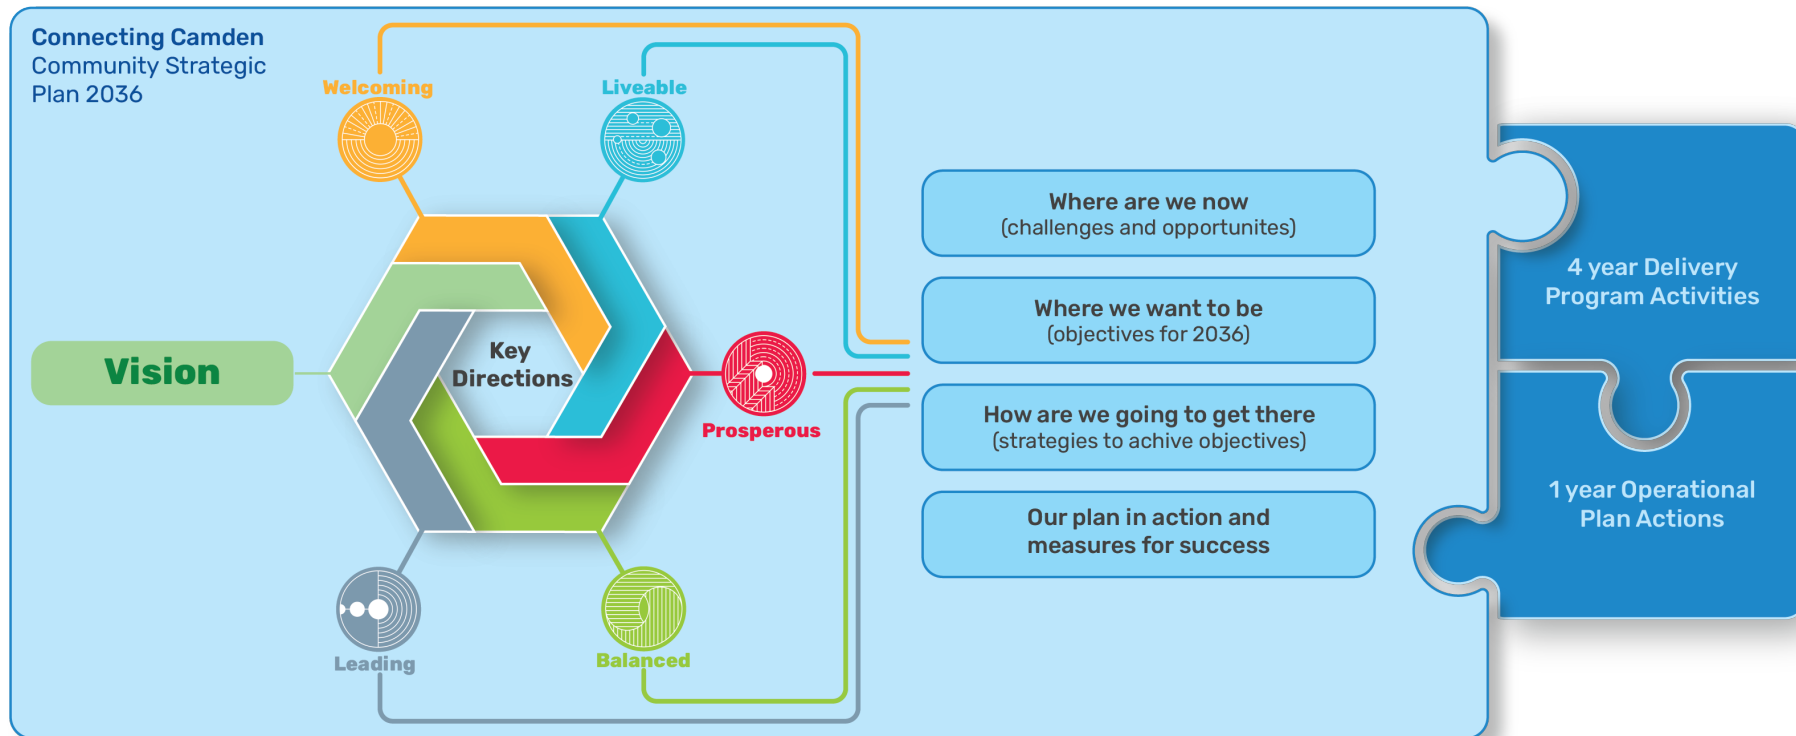

The **Community Strategic Plan** is the highest level of planning within the IPR framework. It provides a vision that reflects the aspirations of the community, and sets clear directions, objectives, strategies and measures for progress on achieving the community's vision. It informs all other documents.

The **Delivery Program** describes Council's commitment to achieve the Community Strategic Plan in the elected term of Council. It sets Council's four-year commitment from 2022 to 2026 and references all activities to be undertaken, setting priorities and scheduling programs.

The **Operational Plan** identifies annual projects and activities against the delivery plan principal activities. Operational Plan components are updated annually to reflect the Council actions for each year and progress against the Delivery Program.

The **Resourcing Strategy** demonstrates how work in the Delivery Program and Operational Plan will be resourced.

**Annual reporting** reports back to the community of the work undertaken by Council each year to deliver on the Operational Plan and Delivery Program.

## CAMDEN RESOURCING STRATEGY

The Camden Council Resourcing Strategy outlines Council's allocation of money, assets and people to deliver the Delivery Program and Operational Plan. It reflects the community's objectives of where we want to be in 2036 and strategies on how are we going to get there as described in the Connecting Camden Community Strategic Plan and this Delivery Program and Operational Plan.

Council's **Long Term Financial Plan** outlines Council's financial position and describes the financial implications of asset management and workforce planning. The Long Term Financial Plan is a 10-year rolling plan and demonstrates the financial sustainability of Council.

The **Workforce Management Strategy 2022-2026** guides Council planning for current and future workforce needs to deliver the priorities set in the Connecting Camden Community Strategic Plan and commitments in the Delivery Program and Operational Plan.

The **Asset Management Policy, Strategy and Plan** provide guidance to make sure that assets, the infrastructure that support Council delivery of services, are managed and accounted for by Council in an efficient and sustainable way. Asset management planning enables Council to provide for the required level of service for the community in relation to the priorities in the Connecting Camden Community Strategic Plan and commitments in the Delivery Program and Operational Plan.

## READING THIS PLAN

This Plan has four parts:

**PART 1:** Introduction

**PART 2:** About Camden

**PART 3:** Delivery Program Principal Activities and Operational Plan Actions

**PART 4:** Financial Management

The combined Delivery Program and Operational Plan enables the community to see Council's objectives from 2022 to 2026 and the discrete actions for the upcoming year (2022/23).

Council will update Part 3 and Part 4 of this document annually to provide clarity on Council's budget, capital and maintenance programs, and actions for each year.

## COMMUNITY ENGAGEMENT

Many in the community have participated in engagement activities to help Council understand what people love, and to tackle their concerns. The community's voices will continue to direct and support how we plan for Camden.

This Delivery Program responds to the community vision, objectives and strategies of the **Connecting Camden Community Strategic Plan 2036** which focus on protecting and enhancing what the community loves and what people feel optimistic about for Camden's future. It acts on challenges and aims to optimise the improvements Council can address.

### WHAT WE LOVE AND ARE OPTIMISTIC ABOUT

### WHAT WE ARE CONCERNED ABOUT

#### OUR COMMUNITY

Camden is a great place to raise a family

Housing diversity and affordability could be improved

Camden is a great place to grow old

#### OUR NATURAL ENVIRONMENT AND WHERE WE LIVE AND WORK

Camden's rural setting and character is its greatest and most valued asset

Traffic congestion needs to be addressed

Planning and timing of infrastructure delivery needs to align with growth

Moving between Camden's centres on public transport is slow

Balancing growth and development with the preservation of Camden's rural character will be one of the greatest challenges

Increased urban heat resulting from growth and development

#### OUR LOCAL ECONOMY

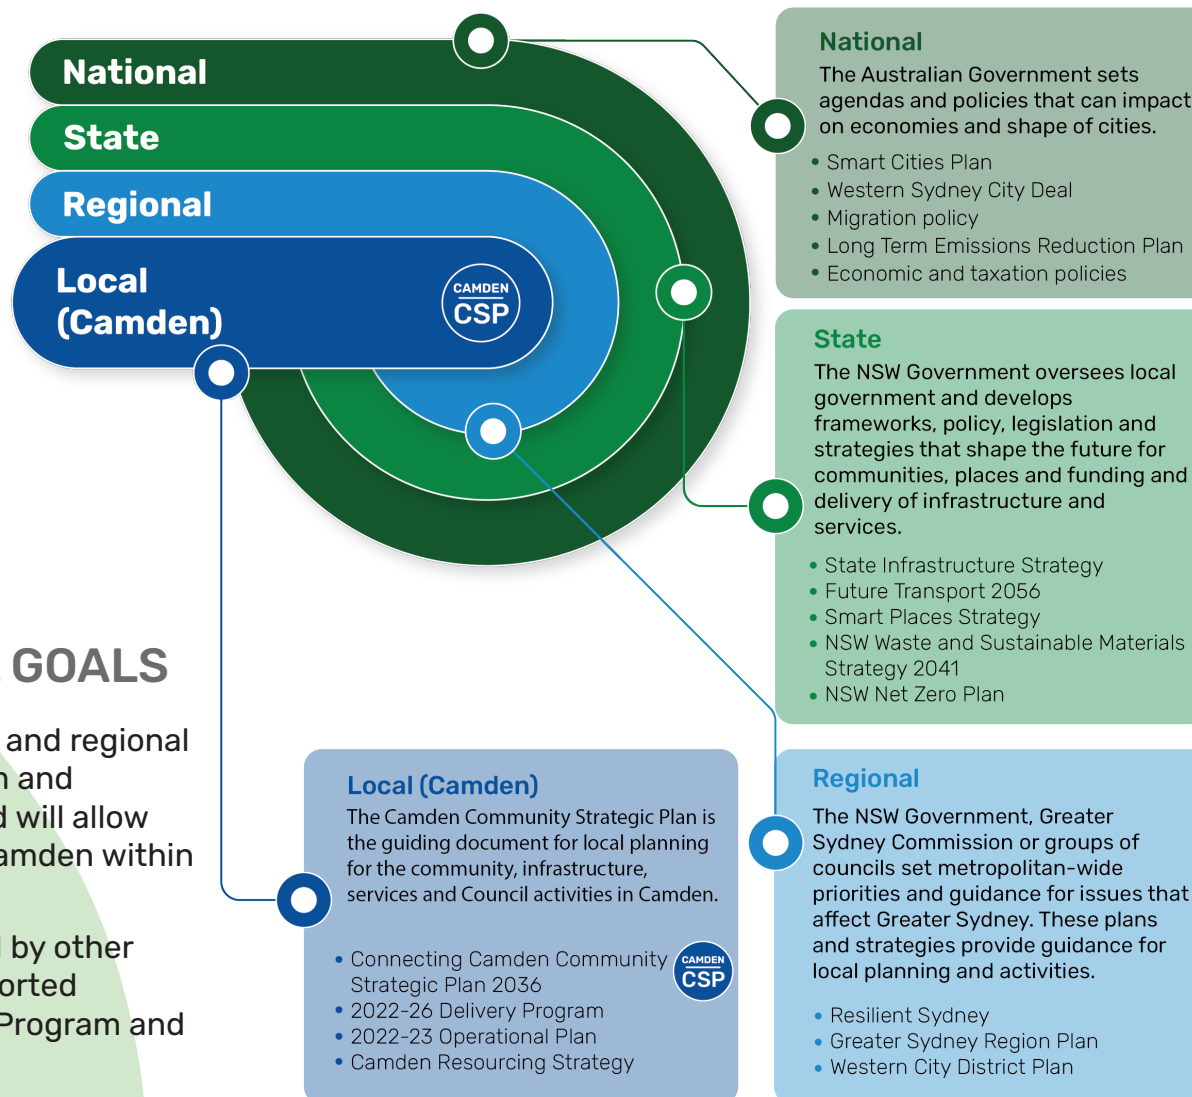

Western Sydney International Airport will create opportunities for Camden's local community

Camden's growing young and engaged population will drive growth of local businesses

## NATIONAL, STATE AND REGIONAL GOALS

Camden is integral to several shared national, state and regional initiatives for Western Sydney. The Delivery Program and Operational Plan contributes to these initiatives and will allow council to advocate on strong local outcomes for Camden within the regional context.

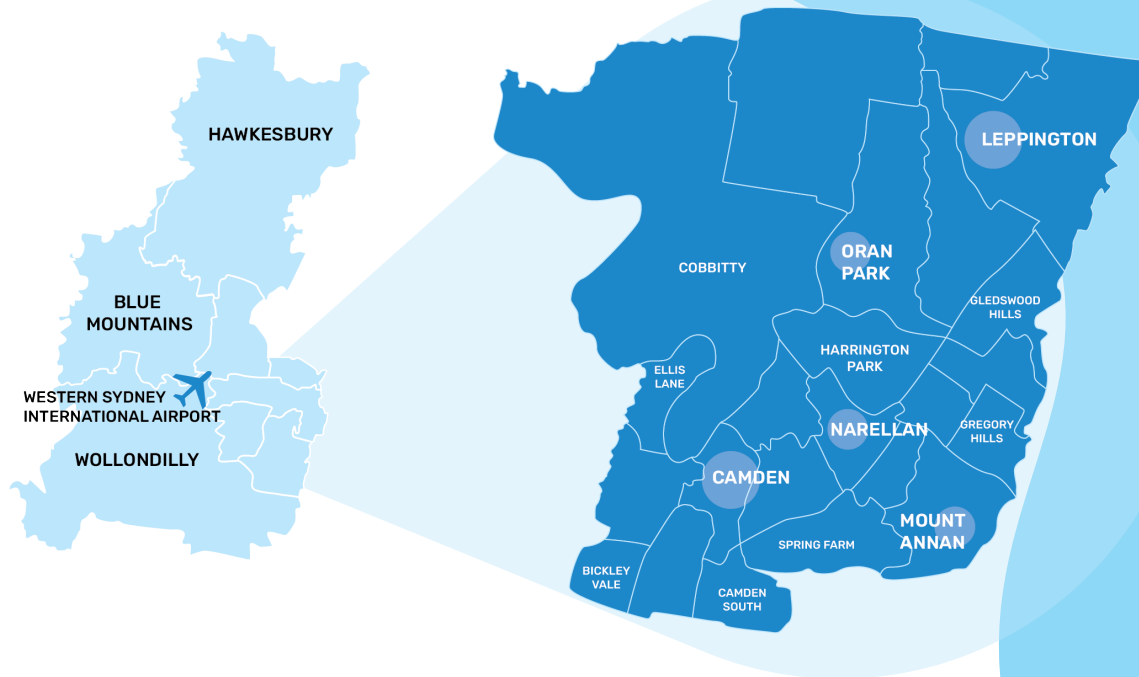

The shared strategies, plans and policies developed by other levels of government that impact Camden are supported through projects and activities within this Delivery Program and Operational Plan.

## PART 2: ABOUT CAMDEN

Located in Sydney's south west, Camden Local Government Area (LGA) is essential to the success of the emerging Western Parkland City. It covers approximately 200 square kilometres and is becoming a place of regional significance.

Camden is set to be home to more than a quarter of a million people by 2036, making it one of the fastest growing LGAs in Australia.

With this projected growth, and with Western Sydney International Airport on its doorstep, Camden will become a cornerstone of the thriving south-west Sydney region.

# CAMDEN'S FUTURE

Camden is experiencing a higher rate of population growth than ever before and higher than that experienced in any other LGA in NSW.

Camden is transitioning from rural areas with clusters of towns and villages to thriving suburbs established alongside historic places.

As Camden is set to be a major community by 2036, we need to ensure that as the area grows, we can continue to protect and respect the area's unique character, history, heritage, rural feel and open spaces.

The community tells us they want:

- quality natural and urban environments to be cared for and maintained
- accessible and well-maintained facilities and services that everyone can access
- well-designed buildings and infrastructure that respond and adapt to a changing climate, so that everyone has comfortable and safe places to live and work.

The opening of Western Sydney International Airport, the associated development of the Western Sydney Aerotropolis, the new city of Bradfield, and the provision of significant infrastructure will trigger further opportunities for Camden. This will reposition the LGA as a city on the doorstep of an international airport and a new freight and logistics, research and innovation precinct for Sydney.

*In the past five years, the area has welcomed more than 27,000 new residents - babies born in the LGA to Camden residents, and new families moving to Camden into a new home and lifestyle.*

*By 2036 Camden is projected to have close to 250,000 residents making it the fastest growing LGA in Australia.*

# DELIVERY APPROACH

## LEADING

### A SUCCESSFUL ADVOCATE FOR OUR PEOPLE AND PLACES

The NSW Government and its partners lead the planning, funding and delivery of many transformational projects to support the Western Parkland City. These will shape and generate opportunities for Camden.

As Camden becomes a place of regional significance, Council will work with its partners and advocate for funding; timely delivery of infrastructure and services; integrated planning and coordination for better urban and environmental outcomes; and creating positive local outcomes through the design and delivery of projects for the current community and future generations.

Council's Delivery Program key partners for the four-year period include:

- Western Sydney City Deal member partners
- Western Parkland City Authority
- NSW Department of Planning and Environment
- Transport for NSW and Sydney Metro
- NSW Health
- NSW Department of Education and School Infrastructure NSW

## SHAPING OPPORTUNITIES

Significant investments, infrastructure and other opportunities will not only sustain the population, but also create potential, attracting a talented workforce and innovative businesses to relocate to the LGA to be a part of the Western Parkland City.

Council will advocate for the planning, design and delivery of key transformational projects in Camden to reflect local needs and ambitions.

## OPPORTUNITIES FOR CAMDEN

FOCUS AREAS	TIMING	DESCRIPTION
Evolution of Oran Park Town Centre	Ongoing	<p>Oran Park is one of the closest established centres to Western Sydney International Airport, closer than established centres at Penrith and Liverpool.</p> <p>Council can leverage its space and presence at Oran Park to support education, training and new job opportunities that support the local community and economy.</p> <p><b><i>Council has a delivery role, including in partnership with others</i></b></p>
Employment hubs at Narellan and Smeaton Grange	Ongoing	<p>Council involvement can generate greater economic and productive outcomes from the new employment hubs.</p> <p><b><i>Council has a delivery and advocacy role</i></b></p>
Western Sydney International Airport	2026+	<p>The airport will connect Camden to the global community from its own backyard.</p> <p><b><i>Council has an advocacy role</i></b></p>
South Creek regeneration	2026+	<p>The South Creek regeneration provides an opportunity to integrate land use and water cycle management and create a green spine throughout the Western Parkland City.</p> <p>South Creek's catchment has a large footprint in the Camden LGA, which includes Lowes, Rileys and Kemps creeks. Their regeneration will improve liveability and sustainability in the LGA.</p> <p><b><i>Council has an advocacy and a delivery role, including in partnership with others</i></b></p>

FOCUS AREAS	TIMING	DESCRIPTION
South West Rail Link extension	2031	<p>The new public transport link between Leppington to Bradfield City Centre will enable growth.</p> <p><b><i>Council has an advocacy role</i></b></p>
Leppington Town Centre	2036+	<p>Leppington will be a new centre close to the Western Sydney International Airport. The right conditions will need to be in place to attract and grow businesses that support the local community and economy.</p> <p><b><i>Council has a delivery role, including in partnership with others</i></b></p>
Narellan Strategic Centre	2036+	<p>Narellan will evolve as strategic centre, providing jobs, services and homes to support the local community and economy. Supporting this role, the centre will leverage off its direct train access to Bradfield, the Western Sydney Airport and Macarthur.</p> <p><b><i>Council has a delivery role, including in partnership with others</i></b></p>
Regional health and education institutions	2036+	<p>Attracting world-class institutions could enable local learning, reducing the number of trips out of the LGA, and attracting people to come to live, work and study in Camden.</p> <p>Clustering facilities, expertise and creating education and health hubs will create opportunities for the next generation of Camden residents and establish Camden's role in the Western Parkland City.</p> <p><b><i>Council has an advocacy and partnership role</i></b></p>
North South Rail (Sydney Metro-Western Sydney)	2036+	<p>A new rail service will link Macarthur to Bradfield City Centre and Western Sydney International Airport. Public transport connections will strengthen Camden's links to the Airport and opportunities at Bradfield.</p> <p><b><i>Council has an advocacy role</i></b></p>

## TRANSFORMATIONAL PROJECTS

To support this advocacy work, Council will deliver transformational projects that will help to make a Camden a great place to live, work and play. The list below includes priority projects and major works projects for the four years from 2022/23 to 2026/27.

PROJECTS	TIMING
Oran Park Leisure Centre	2023/24
Civic Centre Upgrade and Renewal	2023/24
Nepean River Activation	2022/23
Community/Civic Catalyst Site	2026/27
Animal Holding Facility Detailed Design and Construction	2024/25

# ABOUT COUNCIL

## COUNCIL'S ROLE

Council delivers for the local community by providing community services, programs and infrastructure that impact on the health and wellbeing of residents. Its activities support local economic growth and support care and management of the local environment. Council is the community's advocate in regional and city-wide discussions with other tiers of government service and infrastructure providers.

## ELECTED COUNCIL

The elected Council is the community's elected representatives. Councillors:

- facilitate communication between the community and Council
- represent the community and make decisions in the best interest of the public and the environment
- participate in the review of where Council's resources are allocated
- provide leadership and guidance to the community.

The Mayor performs additional roles to Councillors, including:

- presiding at meetings of Council
- exercising and carrying out urgent policy-making functions, where necessary
- carry out civic and ceremonial functions of the Mayoral office.

Council is composed of nine councillors across three wards (Central, South and North Ward).

## OUR COUNCIL ADMINISTRATION

Council administers services, programs and infrastructure for the Camden LGA. It serves the people who live and work in Camden.

The administration is overseen by the General Manager and organised by directorates that work together to serve the community.

## OUR VISION AND VALUES

Council is guided by its organisational vision and corporate values. These encapsulate the approach to everything Council does – working together and with partners to deliver services for the community.

### OUR ORGANISATIONAL VISION

At Camden Council we **think big, work hard and get results.**

The community relies on us to deliver **outstanding customer service**, well managed growth and quality services.

Our **pride** for our area and **respect** for each other is shown in everything we do.

We work in **partnership to service the community safely** and be a leading council.

### OUR CORPORATE VALUES

#### LEADERSHIP

***"Empower others"***

We invest in the growth, development and empowerment of staff to become the best version of themselves.

#### INNOVATION

***"Dream, Create, Inspire"***

We innovate and inspire to create better ways to deliver to our community.

#### PARTNERSHIP

***"Together we Can"***

We partner to achieve success through support, understanding and shared goals.

#### COMMITMENT

***"Dedication Drives Results"***

As a high-performance Council, we strive for excellence in all we do.

#### CUSTOMER FOCUS

***"Our People, Our Community"***

We deliver excellence to our customers through service, facilities, information, resources, education, and support.

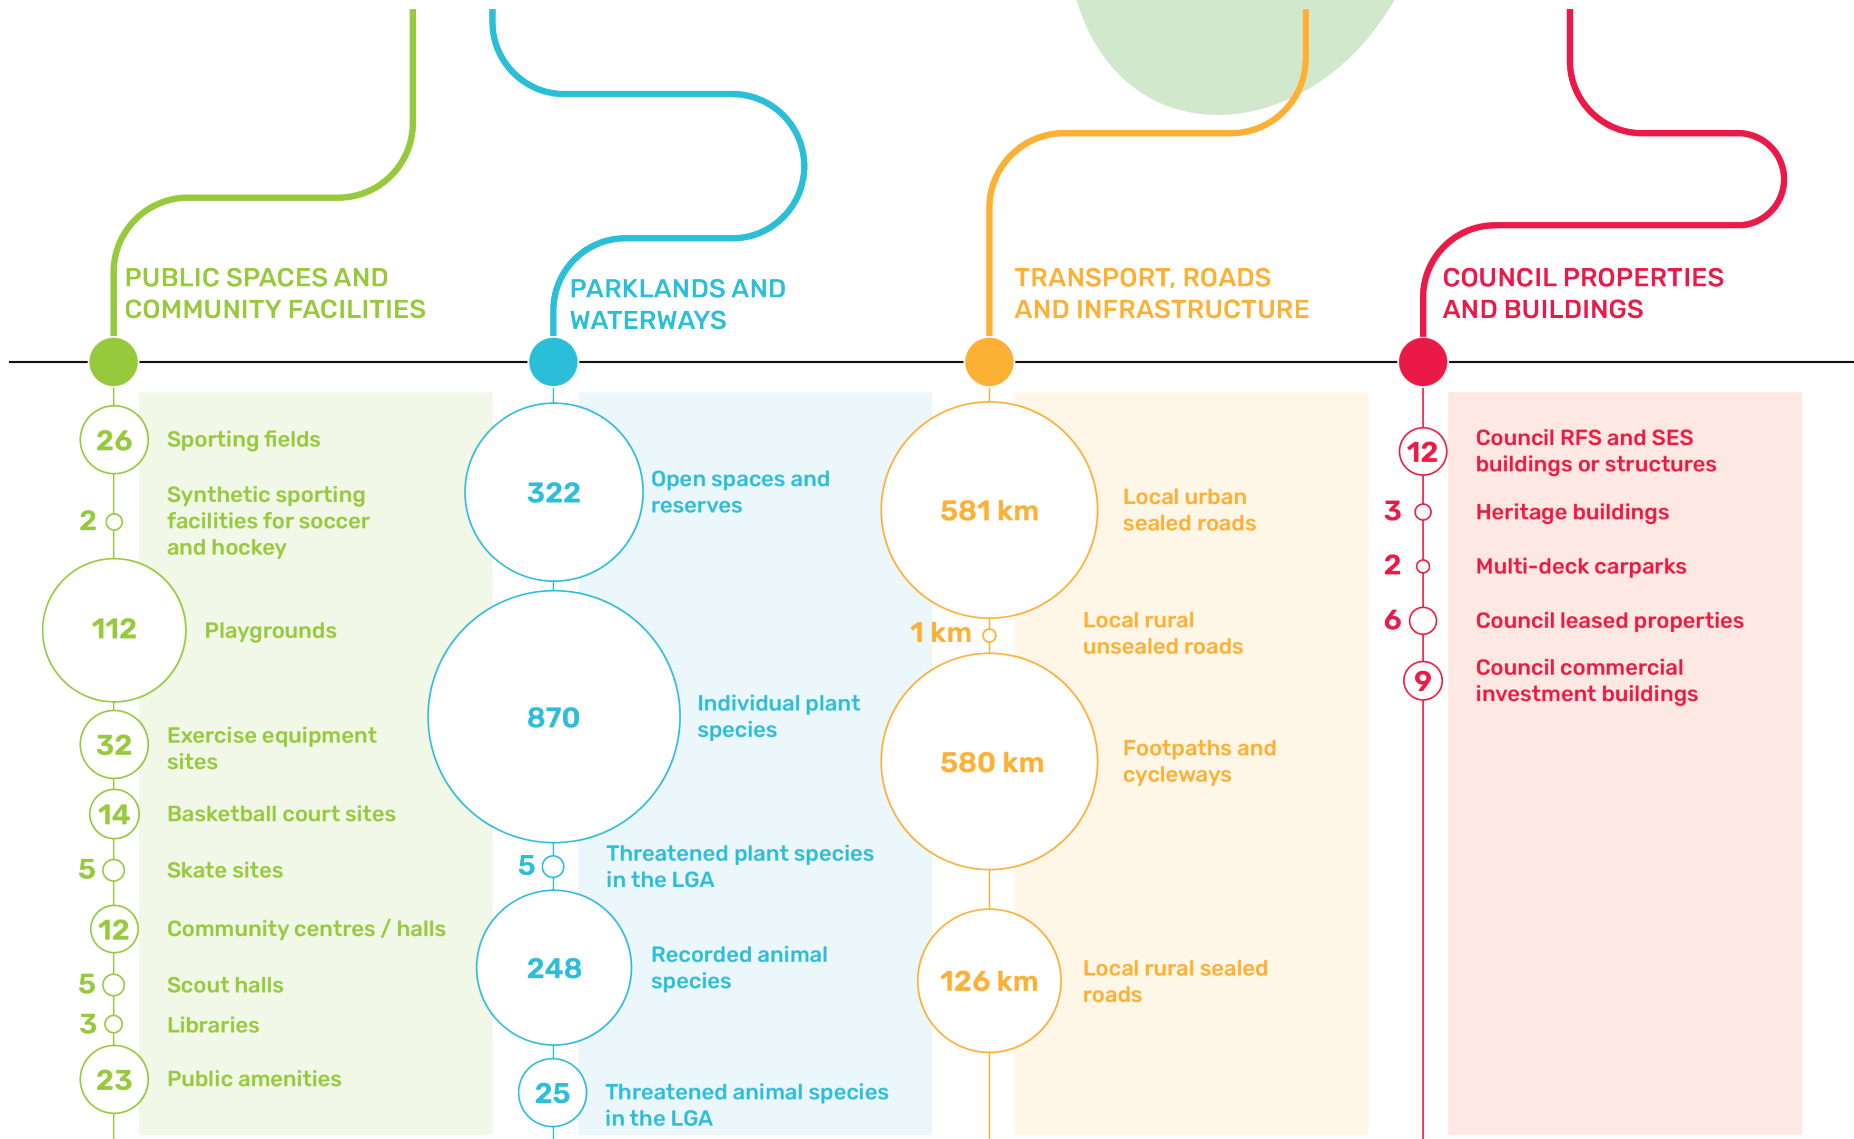

#### SAFETY

***"Safety is everyone's job"***

We put safety and wellbeing of people at the centre of everything we do.

# OUR ENVIRONMENT AND PLACES

Council is responsible for the planning, management and care of a large range of public spaces, community facilities, parks and places of environmental value, roads and infrastructure.

# OUR SERVICES AND PROGRAMS

Our range of services and programs that benefit our local residents and businesses.

## USE OF PUBLIC SPACES AND COMMUNITY FACILITIES

Regulating the use of public areas

Parks and playgrounds

Appearance of public spaces

Tourism

Management of significant places

Recreation services and facilities

Library services

## MANAGEMENT AND PROTECTION OF PARKLANDS AND WATERWAYS

Protection of the natural environment

Environmental activities

## DELIVERY AND CARE OF PUBLIC INFRASTRUCTURE AND SERVICES

Development control

Waste services

Construction and maintenance of infrastructure

Transport options

Road safety

Public health

Management of emergency events

## COMMUNITY SERVICES AND ADMINISTRATION

Community support services

Community safety

Community events

Support services

Strong Local Democracy

Community Engagement

Heritage protection

Urban and rural planning

Community planning and development

Community Information

Economic development

Enforcement of legislation and policies

Stewardship of community resources

# PART 3: DELIVERY PROGRAM PRINCIPAL ACTIVITIES AND OPERATIONAL PLAN ACTIONS

The **2022-26 Delivery Program** and **2022-23 Operational Plan** will guide how Council implements the **Connecting Camden Community Strategic Plan 2036**.

The Delivery Program details Council-led activities for the next four years (2022-23 to 2025-26) and nominates responsible directorates and branch leads, as well as one-year Operational Plan actions that will contribute to Delivery Program principal activities.

The Operational Plan identifies actions funded and resourced for 2022-23; these will be updated and reported on each year. Several Council strategies and plans support these activities and actions.

Activities and actions are organised under the five key directions of the Community Strategic Plan:

Council will assess and report on progress of this Delivery Program and Operational Plan every six months.

**CAMDEN IS A CONNECTED, DIVERSE, AND THRIVING COMMUNITY, EMBRACING OPPORTUNITIES OF GROWTH, WHILE VALUING OUR RICH HERITAGE AND PROTECTING AND SHARING RESPONSIBILITY FOR OUR NATURAL ENVIRONMENT**

## KEY DIRECTIONS

### WELCOMING

Embracing our vibrant and diverse community

### LIVEABLE

Strong and integrated connections between our people and our services

### PROSPEROUS

Advancing local economic opportunities and job creation

### BALANCED

Providing sustainable and responsible solutions that enhance our heritage and natural environment

### LEADING

A successful advocate for our people and places

# HOW TO READ OUR DELIVERY PROGRAM

# **WELCOMING EMBRACING OUR VIBRANT AND DIVERSE COMMUNITY**

The Camden community is becoming increasingly diverse, with people representing a greater range of views and aspirations in age groups and cultural backgrounds that will enrich the community. Everyone must have an opportunity to contribute to the shared vision and feel they are a valued part of Camden's future.

W3.3.1 Encourage service provision for a variety of needs and target groups	W3.3.1.1 Establish and facilitate interagency networks to identify and address community needs	Community Outcomes	Diversity and membership of interagency network members

# LIVEABLE

## STRONG AND INTEGRATED LINKS BETWEEN OUR PEOPLE AND OUR SERVICES

Camden is changing to accommodate the growing community. This includes the homes, workplaces, public places and spaces where people go every day and the transport, infrastructure and services needed to support daily activities.

Everyone should have access to quality environments that are well planned, designed and maintained and built to last for future generations.

## LB1. OUR COMMUNITY HARNESSES LOCAL CREATIVITY, AND SUPPORTS NEW TECHNOLOGIES AND INNOVATIONS

# BALANCED

## PROVIDING SUSTAINABLE AND RESPONSIBLE SOLUTIONS THAT ENHANCE OUR HERITAGE AND NATURAL ENVIRONMENT

Camden's natural environment is part of what defines its place in Greater Sydney and is something special to celebrate and care for.

At a state and city level, climate change resilience, working towards net zero emissions, building greater resilience to climate change impacts and city-greening require leadership on a local level for global impact.

Local actions for Camden's environment have impacts at a regional, state and global level while influencing individual health and wellbeing.

## B1. OUR NATURAL ENVIRONMENT AND WATERWAYS ARE PROTECTED, WELL MAINTAINED AND ENHANCED FOR COMMUNITY ENJOYMENT

2022-26 DELIVERY PROGRAM PRINCIPAL ACTIVITY	2022-23 OPERATIONAL PLAN ACTION	RESPONSIBLE BRANCH	MONITORING PROGRESS

# PART 4: FINANCIAL MANAGEMENT

## 2022/23 REVENUE & PRICING POLICY

In accordance with the Local Government Act 1993 and General Regulations 2021, Council is required to prepare an Annual Revenue Policy Statement. The following information outlines how Council will generate its revenue for the 2022/23 financial year and the major sources of revenue which fund Council's operations.

## WHERE DOES COUNCIL'S REVENUE COME FROM?

In formulating this policy, it was considered necessary to identify the current sources of revenue and how they are used to fund the key directions identified in the Community Strategic Plan.

Operating and capital revenue for the 2022/23 financial year have been summarised into the following ten categories:

1. Rating Income
2. User Fees & Charges (including Domestic Waste Management Charges)
3. Investment Income
4. Government Grants (Not tied to Expenditure)
5. Government Grants (Tied to Expenditure)
6. Loan Borrowings
7. Section 7.11 Developer Contributions
8. Income from the Sale of Assets
9. Cash Reserves & Restrictions
10. Stormwater Management Levy

## RATING INCOME

Rating Income is generated by a levy on properties within the Council area for the provision of local government services. Council is committed to the implementation of a fair and equitable rating system, where each rating category and property will contribute to the rate levy according to the demands placed on Council's resources.

Council has the following rating categories for rateable land in the Camden Local Government Area:

1. Residential
2. Farmland - Ordinary
3. Farmland - Intensive
4. Business

The rating categories have been in place since 1994.

Camden Council's rates consist of a base charge and an ad-valorem charge. The base charge amount is a standard amount which is applied to all properties. The ad-valorem charge is a distribution of the residual rating income, calculated as a proportion of the property's land valuation. The land valuation calculated for each property is determined by the Valuer General's Department and is reviewed every three years.

Council calculates its rating charges with the intention of generating 50% of the total rate levy from the base charge (or as close thereto as possible). The basis of this is that such a rating structure will provide the fairest and most equitable distribution of the rate levy in the Camden Local Government Area.

## SUPPLEMENTARY RATE INCOME

Additional rate income through growth (supplementary rate income) has been calculated on the basis of Council's current capacity to approve development and building applications and estimated lot release. Lot release projections for the 2022/23 financial year are estimated at 2,000 lots. Council's supplementary rate income is reviewed quarterly and if required adjustments are made at the next quarterly budget review.

## INTRODUCTION OF POPULATION GROWTH FACTOR INTO THE RATE PEG

In October 2021, the Minister for Local Government announced that the State Government had accepted the Independent Pricing and Regulatory Tribunal's (IPART) recommendation for the inclusion of a population factor into the rate peg.

IPART has developed a methodology that enables councils to maintain per capita general income over time as their populations grow. Maintaining per capita general income will help councils to maintain existing service levels and provide the services their growing communities expect.

The approach developed by IPART amends the existing rate peg calculation to include a population factor in the rate peg that is calculated as the change in residential population, less any increase in general revenue from supplementary valuations.

In the development of a population growth factor for the rate peg, IPART undertook research which indicated councils currently only recover approximately 60% of the cost of population growth through supplementary rate income.

The methodology will apply to all councils experiencing population growth, even at low levels, but not impact councils with stable or declining populations. The methodology will allow rating income to increase to provide councils with a greater ability to manage the cost of population growth.

In December 2021, IPART announced that the rate peg for the 2022/23 financial year would be set at 0.7%. IPART also applied a growth factor for Camden of 4.3%, after considering the supplementary rate income council would receive and the change in population growth.

The total rate peg approved by IPART for the 2022/23 financial year is 5.0%

## LAND VALUATIONS

Rating income levied in the 2022/23 financial year will be based on the land valuations determined by the Valuer General's Department with a base date of June 2019. Land value is the value of the land only and does not include the value of the home or other improvements on the land.

Land Valuations are issued by the Office of the New South Wales Valuer General and are determined under the Valuation of Land Act 1916. The Valuer General is responsible for providing fair and consistent land values for rating and taxing purposes. Council has no control or input into the valuation process.

Landholders wanting to know more about their land value or the valuation system can call 1800 110 038 or visit the Valuer General's website at [www.valuergeneral.nsw.gov.au](http://www.valuergeneral.nsw.gov.au).

## RATING OF SUBDIVIDED LAND

Following the sub-division of a parcel of land, rates cannot be levied on new lots until supplementary valuations have been provided to the Council by the Valuer General and the Council has categorised each of the new parcels. Once this has happened, Council can levy rates on a pro-rata basis from the date the deposited plan was registered.

When Council levies rates on new parcels of land on a pro-rata basis, an adjustment must be made in respect of the land that existed prior to the sub-division to reflect that rates and charges are only payable on that parcel up until the date of sub-division.

## VOLUNTARY PENSIONER REBATE

In accordance with section 575 of the Local Government Act 1993, Council currently provides a rebate to eligible pensioners for annual rates and domestic waste charges of \$250.

As part of the 2022/23 Budget, Council resolved to provide an additional voluntary pension rebate of \$50 to eligible pensioners, bringing the total pension rebate amount to \$300. The increase will be in place from the 2022/23 financial year onwards.

The provision of an additional voluntary pension rebate is permissible under section 582 of the Local Government Act 1993, which states that a council may waive or reduce rates, charges and interest due by any person prescribed by the regulations who is in receipt of a pension, benefit or allowance under the Social Security Act 1991.

## USER FEES AND CHARGES

Council has the ability to generate revenue through the adoption of a fee or a charge for services or facilities. Fees and charges are reviewed on an annual basis in conjunction with the preparation of the annual budget.

The fees and charges which Council can charge can be split into two categories:

1. Regulatory fees – These fees are generally determined by State Government Legislation, and primarily relate to building, development or compliance activities. Council has no control over the calculation, and any annual increases of these fees and charges.
2. Discretionary Fees – Council has the capacity to determine the charge or fee for discretionary works or services such as the use of community facilities and access to community services.

The general principles under which Council sets its fees and charges take into account the works and services provided, the comparable commercial value, and the ability of residents to pay at the pricing level determined appropriate. The general principles that Council supports in its pricing policy are to:

1. Ensure the community receives the maximum possible benefit from the services provided and from the limited resources which are used to provide that service,
2. Recognise that there is an element of community benefit in Council providing certain works and services, and as such that a level of general fund contribution be incorporated into the determining of some fees and charges,

3. Where a service is provided which is considered a commercial activity, that an appropriate fee be charged which recovers the cost of the service, the consumption of assets and an appropriate return on investment, which is in no way subsidised by the community.

The majority of discretionary fees and charges for the 2022/23 financial year are proposed to be increased by 2.9%, which is in line with current CPI projections. This does not include fees which are set by regulation, are prepared on a cost-recovery basis or where Council provides the service in a competitive market.

## DOMESTIC WASTE MANAGEMENT CHARGES

Within Council's 2022/23 Fees and Charges, domestic waste service charges are proposed to be increased by 3.00%. This increase is required to recover the cost of providing the service, the expected future increase in disposal costs and to ensure sufficient funding is available for Council's waste management plant replacement program.

The list of charges applicable to domestic waste management services can be found in the Fees & Charges Schedule for the 2022/23 financial year.

## IPART REVIEW INTO DOMESTIC WASTE MANAGEMENT CHARGES

IPART are currently conducting a review into how councils across NSW calculate and levy domestic waste management charges.

In December 2021 IPART released their draft report Review Domestic Waste Management Charges which presented a number of recommendations, including a recommendation that IPART

release an annual domestic waste 'benchmark' peg, which would be calculated similar to the rate peg, but would be non-binding.

Council supports the review being undertaken by IPART, but also takes a position that proposed domestic waste management fee increases should reflect the geographical, contractual and service availability challenges that each council in NSW faces.

## **MERCHANT SERVICE COST RECOVERY**

A Merchant Service Fee is charged by financial institutions for providing merchant services. They are calculated as a percentage of each credit card sale and are charged whenever a credit card transaction is processed.

Council will continue to charge a merchant service cost recovery fee on all payments made by customers using a credit card. The fee is calculated on the basis of full cost recovery of the charges incurred by Council.

## INVESTMENT INCOME

Council has an adopted Investment Policy. The overall objective of this policy is to ensure that Council invests its funds:

1. In accordance with the requirements of the Local Government Act (1993), and
2. To maximise the return on investments after taking into consideration the level of risk attributable to the type of investment made, and the level of funds required to ensure that Council meets its budget obligations.

The policy outlines:

- the manner in which Council may invest funds,
- the risk profile considerations for investment categories,
- the institutions and products which Council can invest in
- the reporting requirements of Council's investment portfolio.

Interest on investments is received on three types of funding:

- General fund revenue raised through the year from all sources of revenue (excluding restricted reserves and Section 7.11 contributions),
- Restricted reserves held until expended,
- Section 7.11 contributions held until expended.

Council has control over the interest it earns on general fund revenue and unrestricted reserves, but Section 7.11 interest on investments must be used for the purpose for which the contribution relates. The interest Council earns on general fund revenue is untied and forms part of Council's consolidated revenue for distribution across services that are not funded by restricted funds.

Council uses Access Economics business outlook data to determine its long-term projections on interest on investment income. As Council consistently performs above the official cash rate (Reserve Bank of Australia), a performance factor of 0.8% has also been added for the 2022/23 financial year.

Interest projections for the 2022/23 budget have been prepared on the basis of generating a return on investment of 1%. Council is currently achieving a return on its investment portfolio of approx. 0.78% (February 2022). Asset base growth has also been included in budget modelling for the 2022/23 financial year at 5.00%.

## GOVERNMENT GRANTS (NOT TIED TO EXPENDITURE)

Grant revenue is obtained from the Federal and State Governments. Grants can either be untied (Council has the discretion to allocate the funds where it sees fit) or tied (must be used for a specific purpose).

Council's primary source of untied grant income is the Financial Assistance Grant. This grant is combined with rate income to cover the cost of providing services not covered by tied income. The Financial Assistance Grant is distributed to local councils by the Local Government Grants Commission.

## GOVERNMENT GRANTS (TIED TO EXPENDITURE)

In the past, the majority of tied grants related to main roads, infrastructure projects, employment schemes, library and community services. It has been Council's policy to apply for grants when they become available, but at times there has been uncertainty as to whether particular grants would continue on an annual basis. This places pressure on Council's budget and the provision of service levels currently offered by Council.

Therefore, regular contact with government departments is maintained to maximise the opportunity of obtaining grants.

Council is mindful that most grants are issued by government on a dollar-for-dollar basis. This type of funding arrangement impacts on Council's available resources and ability to fund existing services. This fact is taken into consideration when assessing available grants.

## LOAN BORROWINGS

Council's position on funding expenditure through loan borrowings is:

1. Funds will only be borrowed for specific infrastructure projects, which are clearly linked to the community's expectations as outlined within Council's Community Strategic Plan,
2. Council will consider the use of loans to ensure existing residents are not burdened with the cost of infrastructure which will be enjoyed by future generations,
3. Loan borrowings will only be considered after all potential funding strategies have been investigated, including the use of any existing cash reserves and external funding opportunities,
4. The use of loan borrowings to fund operational shortfalls or service expansion is not permitted,
5. The use of loan borrowings for the purpose of leveraging an investment is not permitted,
6. Council will review its long-term financial plan to ensure there is capacity to service debt from recurrent revenues.

Council will take advantage of being able to access loans through the NSW State Government (T-Corp) and will actively pursue funding through initiatives such as the Low-Cost Loan Initiative. Further information on loan borrowings can be found on page 90.

## SECTION 7.11 DEVELOPER CONTRIBUTIONS

Section 7.11 Developer Contributions are a levy that Council can impose on development consent to assist with the funding of infrastructure that is required due to urban development. They can only be imposed as a condition of consent and are only payable if a property owner is proposing to develop their site.

In order to levy a contribution, Council must first adopt a Contributions Plan. The plan sets out what infrastructure is needed, the likely timing of its construction, the cost of the works and how the cost is to be shared by developers and Council. Council can only levy a contribution if it is in accordance with an adopted Plan.

The *Environmental Planning and Assessment Act* sets out the rules for development contributions. The Minister for Planning may issue directions that can provide further detail to the rules, such as imposing a cap on the contributions. The Department of Planning and Environment issues circulars and planning guidelines to help explain the rules.

Council has the option to permit developers to construct works or dedicate land in lieu of paying cash contributions. Where this happens, the developer will enter into either a Works in Kind Agreement or a Voluntary Planning Agreement. These agreements are legally binding contracts that specify what the developer must do and by when.

## CAP ON CONTRIBUTIONS SECTION 7.11 CONTRIBUTIONS PLANS

In 2012, the NSW State Government introduced a cap on the per lot contributions paid under a Section 7.11 plan (unless the plan is grandfathered). This change also limited the types of infrastructure that a council could levy for a plan. This change means that councils will be required to find other funding sources in order to provide some types of infrastructure.

The cap was removed from 1 July 2020 but the issue of funding Infrastructure such as Community Centres, Libraries and Leisure Centres remains a long-term issue for greenfield development.

In October 2021, the Department of Planning, Industry and Environment (DPIE) and the Independent Pricing and Regulatory Tribunal (IPART) released a number of draft policy documents regarding proposed reforms to the NSW infrastructure contributions system.

Council provided a formal response to these draft position papers and will continue to closely monitor the impact of changes to the infrastructure contributions system and how they impact the Camden LGA both in the short and long term.

## INCOME FROM THE SALE OF ASSETS

Council has a limited portfolio of property holdings which are not engaged in the delivery of essential services to the community. The majority of Council's property assets deliver on services such as:

- Transport Infrastructure,
- Environmental services, such as stormwater management,
- Community Facilities,
- Operational Assets, including administration buildings.

Council does not actively participate in the purchase of property as an investment. The limited number of property investments which Council currently owns primarily relate to land holdings within industrial and residential areas within the Camden LGA.

Council will consider the sale of surplus land where funds are required for capital purposes. Council's criteria for the sale of property assets are as follows:

- The asset is no longer used, or is not required for the provision of a core community service,
- The asset has reached the end of its useful life and provides no further tangible benefit to the community,
- Market conditions indicate that the asset could provide a substantial return which could be used to fund other capital investments,
- The asset is incurring a higher level of maintenance cost than would normally be expected.

While revenue generated from the sale of land assets could be used to alleviate operational budget pressures, this is a financially unsustainable measure as the funding would only provide a short-term solution.

In accordance with Council's Plant Replacement Policy, Council intends to dispose of a number of plant and machinery items which have reached the end of their useful life. The 2022/23 Budget includes an estimate for plant disposal of \$326,000.

## LEASE INCOME

The completion of the Oran Park administration building (Stage 1) enabled Council to lease the previous administration centres at Camden and Narellan. Council also receives lease income for air rights over the Camden Valley Way from the Narellan Town Centre. A number of other residential and commercial buildings are leased by Council on a commercial basis.

## CASH RESERVES AND RESTRICTIONS

Council has a number of cash reserves which are either a legislative requirement (externally restricted) or have been established through a Council decision (internally restricted).

The total balance of cash reserves is as follows:

	ACTUAL	PROJECTED	PROJECTED
	30 June 2021	30 June 2022	30 June 2023
Externally Restricted	\$149.5 million	\$146.4 million	\$132.4 million
Internally Restricted	\$58.3 million	\$16.8 million	\$15.4 million
<b>Total Reserves</b>	<b>\$207.8 million</b>	<b>\$163.2 million</b>	<b>\$147.8 million</b>

External Reserves can only be used for the purpose for which the funds were collected.

The balance of Council's reserves is considered annually as part of the budget process. Reserves that have funding shortfalls are considered a priority to be funded (replenished) as part of the budget process, as this could have an impact on Council's long-term financial sustainability. The need for a new reserve is considered as part of Council's long-term financial planning. A new reserve can only be established by a resolution of the Council.

Council's current policy is to maintain a minimum working funds balance of \$1,000,000. These funds are held as part of Council's internal reserves. This amount represents funds readily available in cash, which are not committed in Council's current budget.

This amount has been deliberately set aside by Council to allow for situations where emergency funding is required due to a major unforeseen circumstance within the LGA. The level of the restriction will be reviewed as Council's budget grows.

## STORMWATER MANAGEMENT LEVY

In 2006, the State Government enacted the Local Government (General) Amendment (Stormwater) Regulations 2006. These regulations allow councils to charge a maximum of \$25 p.a. per occupied allotment for the provision of additional stormwater management services to residents in urban areas who benefit from Council provided stormwater services.

For the purposes of the Act, stormwater management is defined as the management of the quantity and quality of stormwater that flows off a parcel of privately owned, developed urban land. Urban land is land within a city, town or village.

The levy can only be charged in areas where Council provides a stormwater management service. Income from the levy can only be used by Council for the purpose for which it is collected. Council must also maintain its existing stormwater management program.

Council has taken the approach that this levy will be used to educate and promote awareness in the community, ensure the efficient flow of stormwater through the LGA and an improvement in the quality of water flowing into our streams and rivers.

Progress on the implementation of the works is reported to the community through Council's Annual Report.

The levy is to be charged as follows:

1. For land categorised as residential - \$25
2. For residential Strata lots - \$12.50 (50% of the adopted charge as applied to residential properties).
3. For land categorised as business - \$25 per 700 square metres or part thereof (the business levy is capped at \$1,000).
4. For business strata complexes - \$25 per 700 square metres or part thereof. The cost is then divided on a pro-rata basis between the lots (the business strata levy is capped at \$1,000 for each individual parcel).

The following exemptions to the Stormwater Management Levy will continue to apply:

- Land exempt from rating under the Local Government Act 1993, such as schools, churches or hospitals,
- Vacant Land (as defined under the Local Government (General) Amendment Regulation 2006),
- Land owned by the Department of Housing,
- Some land managed under the Aboriginal Housing Act,
- Pensioners (see below).

Ratepayers who currently receive a pension rebate will be exempt from this levy providing they qualify for the pension rebate on 1 July of any given rating year. This will be shown on the rate notice as a Stormwater Management Levy Rebate.

The stormwater management levy will generate approximately \$955,000 in the 2022/23 financial year.

## 2022/23 EXISTING STORMWATER MANAGEMENT MAINTENANCE PROGRAM

ITEM	ITEM DESCRIPTION	2022/23 PROPOSED	2023/24 PROPOSED	2024/25 PROPOSED	2025/26 PROPOSED
<b>Water Quality</b>					
Stormwater Education	Stormwater Education Officer	\$113,600	\$117,200	\$120,900	\$124,600
<b>Sub Total - Water Quality</b>		<b>\$113,600</b>	<b>\$117,200</b>	<b>\$120,900</b>	<b>\$124,600</b>
<b>Drainage Systems</b>					
Drainage Pipe/Pit Maintenance	Allows for the maintenance of the drainage pipe network and pit junctions in the Camden LGA. The maintenance works relate primarily to drains which are adjacent to roads or run underneath roads.	\$121,000	\$121,000	\$121,000	\$121,000
Narellan Catchment Area Maintenance	This allocation allows for water quality testing which ensures adequate treatment procedures are in place before stormwater is discharged into the Nepean River. It also funds pipe, pit, structure, channel and stream maintenance within the Narellan Catchment Area.	\$75,000	\$80,000	\$85,000	\$90,000
GPT Maintenance	Regular maintenance and litter removal of all Gross Pollutant Traps located throughout the Camden LGA.	\$49,200	\$41,200	\$33,200	\$25,200
Aquatic Plant Maintenance	Allocated for the removal of noxious weeds and reducing excessive weeds in open water bodies and streams within the Narellan Catchment Area. This allows for improved water flow control and improvements in natural habitat.	\$70,000	\$70,000	\$70,000	\$70,000
Water Quality Monitoring and Testing	Better understanding of stormwater systems	\$5,000	\$5,000	\$5,000	\$5,000
Lake Annan Ibis Management	Funding will allow for the ongoing management of the Ibis population which inhabit the surrounds of Lake Annan, Mount Annan.	\$17,500	\$18,000	\$18,500	\$19,500
<b>Sub Total - Drainage Systems</b>		<b>\$337,700</b>	<b>\$335,200</b>	<b>\$332,700</b>	<b>\$330,700</b>
<b>Total - Stormwater Management</b>		<b>\$451,300</b>	<b>\$452,400</b>	<b>\$453,600</b>	<b>\$455,300</b>

## 2022/23 STORMWATER MANAGEMENT LEVY WORKS PROGRAM

ITEM	OUTCOME	NOTES	2022/23 PROPOSED	2023/24 PROPOSED	2024/25 PROPOSED	2025/26 PROPOSED
<b>Community Education &amp; Water Quality</b>						
Education & Promotion	Increase Community Awareness	1	\$15,500	\$16,000	\$17,000	\$17,500
Water Quality Monitoring and Testing	Better Understanding of Stormwater Systems	2	\$97,200	\$101,100	\$106,000	\$111,000
<b>Sub Total - Community Education</b>			<b>\$112,700</b>	<b>\$117,100</b>	<b>\$123,000</b>	<b>\$128,500</b>
<b>Management &amp; Maintenance</b>						
Urban GPT Maintenance	Improved water quality	3	\$578,300	\$605,700	\$620,600	\$697,300
Wetland & Rain-garden Maintenance	Improved water quality	4	\$240,400	\$252,400	\$266,900	\$281,600
Lake Yandelora Inspections	Improved maintenance of drainage assets	5	\$11,100	\$11,700	\$12,400	\$13,100
Stormwater Assets Long Term Management	Improved management of drainage assets	6	\$12,500	\$13,100	\$44,600	\$14,500
<b>Sub Total - Management &amp; Maintenance</b>			<b>\$842,300</b>	<b>\$882,900</b>	<b>\$944,500</b>	<b>\$1,006,500</b>
<b>Total - Stormwater Levy Works Program</b>			<b>\$955,000</b>	<b>\$1,000,000</b>	<b>\$1,067,500</b>	<b>\$1,135,000</b>
<b>Total Income Collected</b>			<b>\$955,000</b>	<b>\$1,000,000</b>	<b>\$1,067,500</b>	<b>\$1,135,000</b>
<b>Stormwater Reserve</b>	<b>Transfer To/(From) Reserve</b>		<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>
<b>Surplus / (Deficit)</b>			<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>

## NOTE 1: EDUCATION & PROMOTION

In urban areas, the pollutants that enter the stormwater systems are generated predominately by the actions of residents; fertilization of gardens, car washing, litter etc. Education campaigns have been demonstrated as an effective measure in reducing the pollutant loads entering our drainage systems. Education campaigns provide the opportunity to inform the community of the results of monitoring programs and promote the works undertaken through the stormwater levy programs.

Education material is also prepared which outlines the aims, objectives and achievements of the stormwater levy and how residents and households can contribute to improving our waterways. This educational material is prepared annually, and the achievements of the stormwater levy are reported in Council's Annual Report.

## NOTE 2: WATER QUALITY MONITORING AND TESTING

Monitoring of water quality is a vital component of any stormwater management program. Monitoring of water quality and assessment against standards enables Council to effectively deliver a stormwater improvement program targeting actions that generate the greatest benefit. Monitoring is also essential to evaluate the effectiveness of the stormwater management program funded through the levy.

Water Quality Monitoring is also required for stormwater harvesting and stormwater reuse sites, including the irrigation of sporting fields. The results of monitoring will be utilised by the sustainability report, used in promotional and educational

activities and contribute to regional water quality monitoring programs.

Council previously commissioned a consultant to prepare a comprehensive stormwater quality monitoring framework. Council is proposing to implement systems and processes to progressively implement the recommendations of this report for ongoing monitoring of our key waterways and stormwater infrastructure.

## NOTE 3: URBAN GPT MAINTENANCE TESTING

Gross Pollutant Traps (GPT's) capture larger pollutants such as litter, bottles, plastic bags, leaves, grass clippings, etc. GPT maintenance is critical to maintaining acceptable water quality within our stormwater systems. The timely removal of gross pollutants, litter and sediment from traps will improve stormwater quality significantly. Generally, these pollutants enter the drainage system after having been introduced by residents and visitors action (or inaction) and are more prevalent in urban areas than in rural areas.

Gross pollutants and some of the nutrients within them can be remobilised if they are not removed prior to subsequent rainfall events. The stormwater levy will, in part, facilitate the systematic, regular cleaning and maintenance of the ever-growing number of GPT's in the urban areas, thus greatly reducing the pollutant loads entering our waterways.

#### **NOTE 4: WETLAND MAINTENANCE**

Constructed wetlands and rain gardens are the primary method of removing nutrients from stormwater. These contemporary stormwater management facilities are being implemented throughout newly developed areas.

Nutrients such as nitrogen and phosphorous are key pollutants in the Nepean River catchments, resulting in excessive pest plant growth and algal blooms. This also leads to reduced dissolved oxygen levels, which compromises the function of the wetland systems.

Almost all stormwater in the Camden area ultimately drains into the Nepean River and various natural creeks. Funds to periodically maintain wetlands and rain gardens will assist with weed removal and ensuring the filter medium is able to work more effectively.

#### **NOTE 5: LAKE YANDEL'ORA INSPECTIONS**

Lake Yandel'ora is a significant water body that has been created through the construction of a large dam wall. As part of the safety requirements of having such a large dam, Council is required to conduct routine inspections and auditing of the structural soundness of the dam wall, outlet structures and outlet stream.

#### **NOTE 6: STORMWATER ASSET LONG TERM MANAGEMENT**

The stormwater asset management plan was updated in 2019/20 using updated inventory and condition data captured in 2020. Additionally new assets are introduced either through Council's construction activities or by developers. The asset management plan will become the guiding document for the implementation of the stormwater management program, integrating the results of water quality monitoring and the audit of stormwater assets. The plan will establish levels of service and identify investment priorities for subsequent years.

Ongoing reviews of the condition of these assets are required to ensure that Council's asset management plan remains timely, relevant and that funds are appropriately allocated to those assets which are in need of replacement or renewal.

# REVENUE POLICY – STATUTORY STATEMENTS

## 1. DETAILED ESTIMATE OF COUNCIL'S INCOME AND EXPENDITURE FOR THE YEAR END 30 JUNE 2023

The 2022/23 Budget has been prepared in a program budget format and is a balanced budget. The Financial Statement forecast for the period ending 30 June 2023 (including forward year forecasts) is provided on Page 92.

## 2. STATEMENT WITH RESPECT TO EACH ORDINARY RATE AND EACH SPECIAL RATE TO BE LEVIED

Council is committed to the implementation of a fair and just rating system, under which each rating category and property will contribute to the rate levy according to the demand on Council and community resources. Council has also recognised the desirability of encouraging the retention of viable rural holdings.

Accordingly, Council has resolved to establish the following categories/subcategories for rateable land in the Camden Local Government Area:

1. Residential
2. Business
3. Farmland Ordinary
4. Farmland Intensive

Council was advised in December 2021 that IPART had determined an increase in ordinary rate income for the 2022/23 financial year of 5% (inclusive of population growth factor). Council has not made an application for a rate increase above the permissible increase of 5% for the 2022/23 financial year.

TYPE	ASSESSMENTS	BASE CHARGE	BASE INCOME
Residential	41,700.7	\$685.00	\$28,565,000
Business	2,126.3	\$685.00	\$1,456,500
Farmland - Ordinary	190.0	\$685.00	\$130,200
Farmland - Intensive	12.0	\$685.00	\$8,200

It should be noted that Camden is required to use land valuations provided by the valuer general with a base date June 2019 for the 2022/23 financial year. Council has considered the current rating mix with no change being recommended to the adopted rating mix.

Ad valorem rating levels for the various categories are to be based on the following comparative figures:

Residential	1.0
Business	3.3. (3.3 times the residential ad-valorem rate)
Farmland - Ordinary	0.5 (half the residential ad-valorem rate)
Farmland - Intensive	0.9 (0.90 times the residential ad-valorem rate)

This will result in the following ad valorem rates, yields and percentages of levy raised for each category for the 2022/23 financial year.

TYPE	RATE	YIELD
Residential	0.141665	\$29,649,100
Business	0.467495	\$10,556,800
Farmland - Ordinary	0.070833	\$705,400
Farmland - Intensive	0.127499	\$41,800

A summary of rate income by rating category for the 2022/23 financial year is provided below:

TYPE	BASE CHARGE	AD VALOREM	TOTAL REVENUE	BASE CHARGE AS A % OF TOTAL YIELD
Residential	\$28,565,000	\$29,649,100	\$58,214,100	49.07%
Business	\$1,456,500	\$10,556,800	\$12,013,300	12.12%
Farmland - Ordinary	\$130,200	\$705,400	\$835,600	15.58%
Farmland - Intensive	\$8,200	\$41,800	\$50,000	16.42%
<b>Total</b>	<b>\$30,159,900</b>	<b>\$40,953,100</b>	<b>\$71,113,000</b>	

It is Council's intention to raise the base rate amount to as close as possible to 50% of the total rate levy. It is Council's view that such a rating structure will provide the fairest and most equitable distribution of the rate levy in the Camden Local Government Area.

### **3. STATEMENT WITH RESPECT TO EACH CHARGE TO BE LEVIED**

Council includes on its rate notice a charge for waste management. The Local Government Act 1993 requires that the domestic waste services of a Council must be financed by a specific annual charge made and levied for that purpose alone.

The act provides councils with a framework to effectively recover from users, a reasonable cost of providing the service, which can be achieved by an annual levy under Section 496, or a combination of an annual levy and user pay charge under Section 502.

For the 2022/23 financial year Council will utilise the provisions of Sections 496 and 502 to further implement the waste management system which is a combination of an annual levy and a user pay charge.

The charges relating to domestic waste can be found in the 2022/23 Fees & Charges.

### **4. STATEMENT OF FEES TO BE CHARGED BY COUNCIL AND THE AMOUNTS OF SUCH FEE**

The current list of fees and charges have been reviewed and updated in accordance with past practice. The schedule has been prepared to ensure the criteria as required under Part 10 of the Local Government Act 1993 have been considered.

## **5. STATEMENT OF THE COUNCIL'S PRICING POLICY WITH RESPECT TO THE SERVICES PROVIDED**

Council is required to include in its annual Operational Plan a Pricing Policy for the various works and services Council provides to its community as well as other entities or other persons.

The general principles under which Council sets its fees and charges take into account the works and services provided, the market value of those works and services provided, the ability of the resident to pay such a price and community contribution involved in such works and services.

The general principles of Council's Pricing Policy are as follows:

- 1.** Ensure that the community receives the maximum possible benefit from the services provided and from the limited resources used to fund those services.
- 2.** In respect of each category of fee or charge, establish a balance between who is paying for the service and who is receiving the benefit.
- 3.** Where the service can be quantified and the customer clearly identified, a regime of user charges should apply.
- 4.** The level of community benefit as well as individual benefit is considered when determining prices.

Council has four distinct revenue categories:

- Regulated Fees and Charges,
- Unregulated Fees,
- Unregulated Charges,
- User Charges.

The services provided by Council will be appropriate to the needs of the community, of a high standard and delivered on time and in an effective manner.

Council has established a table of pricing statements relative to the services conducted by Council and these are used in determining the fee or charge to be applied. These are outlined in the 2022/23 Fees and Charges.

## **6. STATEMENT OF THE AMOUNTS OR RATES TO BE CHARGED FOR THE CARRYING OUT BY COUNCIL OF WORK ON PRIVATE LAND**

Rates for the undertaking of work on private land have been included in the Fees and Charges for the 2022/23 financial year and will include GST where applicable.

## 7. STATEMENT OF LOAN BORROWINGS (OTHER THAN INTERNAL BORROWINGS), THE SOURCES FROM WHICH THEY ARE TO BE BORROWED AND THE MEANS BY WHICH THEY ARE TO BE SECURED

Proposed Loan Borrowings for the 2022/23 financial year have been considered and incorporated into Council's Long-Term Financial Plan (LTFP).

Proposed loan borrowings in the year they are required are shown in the table below.

Loan borrowings are indicative and revisited as part the final funding package for all infrastructure projects. What is important to understand as a growth Council is the capacity to sustain debt and service debt now and into the future.

Council has considered the impact of its proposed loan borrowings program and is satisfied that this level of debt is within the recommended levels for a growth Council. The associated debt servicing (loan repayments) has been included in Council's LTFP and is secured against rate income as required under the *Local Government Act 1993*.

PURPOSE	2022/23	2023/24	2024/25	2025/26	2026/27	2028/29
Road Renewal Program	\$3.5M	\$3.5M	\$1.5M	\$0	\$0	\$0
Community Support Package Stage 3	\$8.35M	\$11.85M	\$13.2M	\$0	\$0	\$0
Community/Civic Catalyst Site	\$0	\$0	\$0	\$27.3M	\$27.3M	\$0
Works Depot Stage 2	\$0	\$0	\$0	\$0	\$0	\$5.0M
<b>Total</b>	<b>\$11.85M</b>	<b>\$15.35M</b>	<b>\$14.7M</b>	<b>\$27.3M</b>	<b>\$27.3M</b>	<b>\$5.0M</b>

## 8. NATIONAL COMPETITION POLICY

Under National Competition Policy, Council has identified the business activities existing within Council operations which are impacted by this policy.

The intent of the policy is to provide a framework, which examines the activity in comparison with private industry business practice. Councils are required to review their pricing policies and levels of subsidisation.

Council has identified one Category II business activity for the 2022/23 financial year, namely the Commercial Waste Service.

## 9. GOODS AND SERVICES TAX

Council has been classified as an enterprise and is registered for GST, therefore only incurs minimal GST. The budget has included GST costs associated with rental properties and financial services for which Council does not receive input tax credits.

Council prepares its fees and charges schedule using the best available information in relation to the impact of GST on the fees and charges at the time of adoption. It should be noted that all fees and charges are subject to change in accordance with amendments to the Goods and Services Tax Legislation and subsequent Australian Taxation Office rulings and regulations.

# 2022-23 BUDGET SUMMARY

Income Statement Category & Funding Summary	Delivery Program 2022/23 - 2025/26			
	2022/23	2023/24	2024/25	2025/26
