Designs for play spaces now complete

Plans for two new recreation play spaces in Harrington Park and Currans Hill are now on display.

This year, Council allocated \$2 million for the design and construction of two youth play spaces similar to Birriwa Reserve.

The designs for the parks have been informed by input gathered during community consultation in May this year.

“It is important to Council that these parks provide teenagers and children with active, challenging and enjoyable spaces,” said Mayor Lara Symkowiak.

“Both parks have been designed to incorporate the natural landscape of each site to create unique, attractive and interactive recreation facilities,” Cr Symkowiak said.

These new facilities will complement the youth space at Birriwa Reserve and offer further options to families, children and young people across Camden LGA,” she said.

Plans for **Harrington Park Lake Reserve, Harrington Park** include:-

- Slides and climbing structures on the existing slope;
- Skate elements;
- Challenging climbing and ninja warrior style equipment; and
- A multi-use path for skaters, scooter and bicycles.
- The existing carpark will be moved to the entry of the site, off Fairwater Drive and picnic facilities and landscaping installed.

Plans for **Sedgewick Reserve, Currans Hill** include: -

- The existing young children’s playground will be expanded and incorporated into the design;
- A sensory path and equipment to enhance diversity of play experiences;
- Areas for skating, scooters and bikes;
- Large play structures like trampolines and climbing apparatus; and
- A carpark drop-off with disability parking, family parking and mini bus bay will be built near a main entry point.

Media Release

Both parks will be constructed and ready to open late next year.

The concept designs are available on Council's website, www.camden.nsw.gov.au.

Designs for the water play space at Curry Reserve, Camden will be finalised and available to view early next year.
