Media Release

15 June 2016

EPA & Camden Council Combatting Illegal Dumping

Camden Council will be able to continue its work to identify the extent of illegal dumping in the Camden Local Government Area following a \$20,000 grant from the NSW Environment Protection Authority (EPA) under their Combatting Illegal Dumping (Clean-Up & Prevention) Grant.

Mayor of Camden, Councillor Lara Symkowiak said this grant was important to help protect our local government area.

“This grant from the NSW EPA will allow Council to identify the extent of illegal dumping and illegal dumping hotspots in the Camden Local Government Area and establish baseline data. The funding will also be used to provide additional illegal dumping signage.”

“Without the support from the NSW Government, this necessary work would be at a cost to our ratepayers. I would like to thank the State Government for their support and State Member for Camden, Mr Chris Patterson” she said.
