Council congratulates MCSL for sustainability award

The Macarthur Centre for Sustainable Living (MCSL) has been recognised as a winner in The Australian Business Awards 2017 for Sustainability.

Council has provided the centre \$30,000 annually to deliver initiatives that promote and encourage positive environmental behaviours across the community.

Mayor of Camden Cr Lara Symkowiak congratulated the MCSL team on their award winning display.

“Council is pleased to be working with the Macarthur Centre for Sustainable Living and I’d like to congratulate them on winning the Australian Business Award for Sustainability,” said Mayor Lara Symkowiak.

“The centre works tirelessly on a range of initiatives for our community including collaborating with Council’s sustainability and waste teams to deliver the best information on sustainability,” Cr Symkowiak said.

Some of the programs run by the centre include community workshops, the Little Explorers Waste Education Program for 0-5 year olds and the Kids Interactive Tent at Camden Show.

The Australian Business Awards are an annual all-encompassing awards program which recognises organisations that demonstrate the core values of business innovation, product innovation, technological achievement and employee engagement via a set of comprehensive award categories.
