APPLICATION FOR REVIEW OF FESL CLASSIFICATION

Council has determined your property's Fire and Emergency Services Levy (FESL) land classification and advised you of this. There are six of these classifications set out in the FESL Act 2017: 'Government', 'Public Benefit', 'Residential', 'Farmland', 'Industrial' and 'Commercial'. Descriptions of these classifications are set out in detail in the FESL Act.

In addition, properties are classified as 'Vacant' or 'Non-Vacant'. Under the FESL Act, land can only be classified 'Vacant' if:

1. The land is classified as 'Residential', 'Industrial' or 'Commercial', AND
2. There are no buildings or structures on it that are being or could be used for a residential, industrial or commercial purpose, AND
3. It is not being used for storage or treatment of anything.

EFFECTIVE DATES

The effective date for classifications must be a date of:

- 1st July
- 1st October
- 1st January
- 1st April

NOTE – These dates are the beginning of each quarterly instalment period for the FESL

NOTICE OF CHANGE OF CIRCUMSTANCES

A liable person must give notice to the council within 30 days of any change in circumstances that justifies a new or a change in the FESL classification of the land.

If the Council has not notified the applicant of its decision within 40 days after the application is made, the Council is taken, at the end of the 40 day period, to have refused the application.

If the liable person fails to give notice of a change in circumstances that would justify a change in classification in respect of which a lower levy would be payable, the council may set an effective date for the classification that is the first day of the next quarterly instalment period.
