

HOW TO ORGANISE YOUR KERBSIDE COLLECTION SERVICE

1 Book your collection online or contact Council on 4654 7777. Do not put your unwanted material on the kerbside until you have made a booking with Council.

2 Place your material on the kerb no earlier than 2 days before your scheduled collection day. Material must be clear of obstructions such as vehicles.

3 Get the volume right, we collect 3 cubic metres of material (3mx1mx1m) per collection

4 Our service will pickup most furniture and house hold items. Separate your material into 2 piles for metals and general material. Place small loose items in boxes or bag for easy collection.

STILL TOO MUCH MATERIAL? ADDITIONAL SERVICES AVAILABLE

Residents receive (3) kerbside collections per financial year. If you have used your (3) collections another kerbside collection service can be booked at an additional fee.

This fee is payable to Council's Customer Service Team in person or over the phone. Online bookings are not available for additional bookings.

Other options for disposing your waste include taking your waste to Macarthur Resource Recovery Park in Spring Farm. Items that can be reused may be accepted by local charities.
