The Macarthur councils are once again hosting the highly anticipated Macarthur Nature Photography Competition (MNPC) and encouraging our primary schools to engage their students in this competition.

We invite your students to enter their most striking, engaging and enticing images of local native flora, wildlife and natural scenery taken from within the Macarthur area, showcasing their artistic vision and impression of the natural environment to the wider community.

Moments captured have the ability to remind us that photography has the power to transport us to unseen worlds.

At a time when we are presented with an abundance of images through social media and television, the challenge is to share an image that will cut through the clutter and reveal something in our world that is new to us.

Entry is easy

When students fill out their entry form, all they need to do is specify their age and parent's contact details to go in the running to win a prize for themselves in one of the five main categories

Cameras come in all shapes and forms these days. Encourage students to snap a shot on their smart phone, iPad or camera!
